About Gendered Intelligence

Our vision is of a world where people are no longer constrained by narrow perceptions and expectations of gender, and where diverse gender expressions are visible and valued.

Our aims are to increase understanding of gender diversity, to raise awareness of trans people's needs and to improve the quality of life of trans people. We wish to engage the wider community in positive discussions, debates and activities which will bring about change. We work with trans people, and young trans people in particular, and all those who impact on trans lives. We have built a reputation as an organisation which delivers exceptional results through innovative, well-managed, well-delivered services offering excellent value for money.

Gendered Intelligence consists of a team of skilled trainers, facilitators, youth workers and qualified teachers. Some of the team hold doctorates in the area of transgender studies and/or have a lived experience of being trans. We have a working and in-depth knowledge of the wider trans community and of the young trans community in particular. All staff working with children and young people undertake our safeguarding training and hold an enhanced DBS check.

Gendered Intelligence is a registered Community Interest Company. The company is Limited by Guarantee under Companies House regulation, and is an asset-locked not for profit body. For more information about us visit our website.

At Gendered Intelligence we can:

- **Increase confidence and awareness when working and studying alongside trans students and staff**
- **Support to meet the requirements of the law**
- **Help you to retain trans students in your educational setting**

School Assemblies - Key Stage 1-2

Our assemblies can be carried out in any primary school setting across England and Wales. They are 15 -20 minute presentations to a large cohort of students, sending broad messages that reflect the school ethos of equality, inclusion and respecting difference. They aim to engage learning around gender diversity, raise awareness of trans identities and increase understanding of what it means to include trans people in our schools.

School Assemblies Key Stage 1-2 is useful in one or more of the following circumstances:

- The school's ethos is committed to equality and inclusion, but would benefit from an increased understanding of gender diversity and what it means to include trans people
- The school wishes to prepare students for the opportunities, responsibilities and experience of later life and living in a diverse world
- The school would like to tackle and prevent Homophobic, Biphobic and Transphobic (HBT) or gender-based prejudice and bullying

At the end of the session students will show an increase in their ability to:

- Recognise and value diversity
- Respect difference and our responsibility to others
- Assertively challenge prejudice and discrimination
- Discuss relationships and feelings
- Understand gender as diverse and the impact of gender stereotyping

Duration: 15-20 minutes

Cost: £145 per hour (minimum charge is one hour) + travel

Numbers: Up to 300 students

Educational Workshops - Key Stage 1-2

Our Educational Workshops can be delivered in any primary school setting in England and Wales. They aim to engage learning around gender diversity, raise awareness of trans identities and what it means to include trans people in our schools. We tailor sessions to emphasise particular areas of the curriculum. As well as LGBT History Month events, PSHE class or drop down 'enrichment' or 'diversity' days, we also offer workshops to connect with other subjects such as Drama, English, Art, History, Biology and General Science.

Mentoring for Trans Students in Schools and Sixth Form Colleges

Gendered Intelligence offers mentoring to trans, non-binary or gender variant identified students, as well as to those who are questioning their gender identity or who have a trans history. Mentoring can take place in any educational setting across England and Wales. **The mentoring scheme aims to retain the student in the institute of education, where retention and attainment may be at risk.** The mentoring scheme is delivered primarily via one to one meetings which offer practical support and take a problem-solving approach. All our mentors are trans identified and have professional skills in working with young people. It allows us to explore feelings and needs around a young person's gender identity. The service is flexible and considers the specific circumstances of the young person.

The mentoring scheme offers an opportunity to:

- explore feelings and needs around the student's gender identity including social transition
- discuss some of the more difficult and challenging aspects of living as a trans/gender variant person
- access relevant information so that each trans person can make informed choices about their lives
- advocate for the student's needs within their educational setting

Package: an initial "needs assessment" which we call 'Capturing your Journey', 5 x 1 hour sessions and 3 staff meetings. This can be carried out over a term or an academic year

Cost: £760 per package. Students may draw from their Pupil Premium Grant or other Access funds can be used

"Working with GI has meant that the transgender student has continued to engage in college life and complete a course of study. The student was really struggling with college life when the mentoring was first put in place."

Director of Studies, Hereford Sixth Form College

"I definitely feel more confident after mentoring. For me I really didn't know so well how to talk about gender identity with other people, it was all a bit too awkward so I avoided it. It helps so much to be able to have open conversations about something so important and I feel much freer and much closer to friends and family because of it. The mentoring scheme at GI was really my only source of actual practical help with stuff like how to deal with relationships with others. When you first come to terms with being trans it is definitely a daunting prospect and it feels like a million things are flying at you at once, so it really helped to have support with specific challenges I faced individually."

Training and Presentations for Staff working in Education

Gendered Intelligence can offer a range of sessions from 1 hour to two days and beyond. We have two standard training sessions:

'Introduction to Trans Awareness' is a half day (3 hour) introductory interactive session for up to 15 people which gives enough time for discussion and questions around the key topics in a relatively short period of time. The session covers language and terminology, understanding legislation and implementing good practice

'Introduction to Trans Basics' is a good choice if you have limited time for staff training, or want something in addition for the wider staff body. The session is 1 hour and sits well in the context of an INSET day or similar.

We always prefer to speak with our clients before a final choice of package is made to ensure that it will meet your needs in the most effective way, taking into account both time and budget. Please feel free to contact us.
