

## Supporting Vocabulary Development in the Classroom

**PLACES STILL AVAILABLE**

### Aims:

- To become aware of the importance of having a good vocabulary for fluent language production (speaking and writing) and language comprehension
- To know why children have difficulties with vocabulary
- To learn some simple strategies to support vocabulary learning in the classroom

**Ideal for:** Teachers and childcare/education support staff who, support children with communication difficulties.

**Overview:** This short course aims to highlight the complexities of vocabulary development and introduces strategies that can be used to develop understanding, retention and recall of vocabulary to support children's language and communication development.
